

We are all guardians.
Let's keep kids  safe.

Support is available

What is Child Safe?

We are strengthening our practices, the knowledge and skills of all our workforce to embed the **10 National Principles for Child Safe Organisations**.

As our organisation improves our practices and implements the **10 National Principles**, you will be hearing more and more about the topic.

What if I am feeling impacted by this topic?

Child sexual abuse is a challenging issue and subject to discuss. You may have been told of an incident, or have had to make a report, or have been affected by child sexual abuse. If so, it is important to be supported and you may find talking to someone helpful.
