# Your care options.

**Your good health and independence are important, and we're here to support you so you can live life to the fullest. While our village is designed to support vibrant retirement living, we also understand that life brings changes, and sometimes new health challenges.**

That's why you have access to a range of care services to support you, so you can maintain your independence in your own home. Our Home Care team is experienced and caring, offering all the help you might need when you need it.

## Home Care Packages

Our Home Care Packages are individually tailored around your choices and individual needs. To give you complete control over your care, we provide home care services through several government subsidised funding streams, as well as the option to receive these services through a fee-for-service basis. Eligibility for a Home Care Package is determined by the Aged Care Assessment Team, which can be done by appointment in the comfort of your own home or at a local hospital. Our coordinator can assist you with a referral for assessment if required.

## What services are available for you to choose from?

Churches of Christ services range from comprehensive home care services to low level support services for you and/or your primary carer. Services are dependent on availability in your area but could include those listed in the below table.

PERSONAL CARE	SOCIAL SUPPORT AND ACTIVITIES	GOODS AND EQUIPMENT
Services that may support you to stay in your own home, including bathing and getting dressed.	Activities that can help you to maintain an active social life by having someone visit you in your home, or by arranging visits and outings in the community.	Help for you to maintain your independence if you have a functional limitation (any health problem that prevents you from completing a range of tasks), or if you just find it difficult to carry out day-to-day living activities.
DOMESTIC HELP	RESPIRE CARE	HOME MAINTENANCE AND MODIFICATIONS
Support with practical tasks such as general housework and shopping.	Also known as short-term care, these services are a form of support for primary carers. It gives them the chance to attend to everyday activities, while we care for their loved one.	Support for you to stay in your own home by making your home safer and more secure. Services may include changing light bulbs, installing an emergency alarm or doing repairs.
MEALS	STAYING PHYSICALLY ACTIVE	NURSING CARE
Meals and other food services that can help you maintain a healthy, balanced diet.	Help for you to maintain your general health and fitness, or with rehabilitation after an accident or a stay in hospital.	Help for you to manage a health condition at home. Examples might include changing dressings on wounds, or perhaps monitoring your blood pressure.
TRANSPORT	ALLIED HEALTH SUPPORT	AFTER-HOSPITAL CARE (TRANSITION CARE)
Services that can help get you to and from your appointments and around your community.	A range of therapies such as podiatry (foot care) or occupational therapy (help to recover, or maintain your physical ability) to help you to stay as active and healthy as you can be.	When you have been in hospital, often the most desirable place to go when you leave is to your own home, rather than an aged care home. But sometimes you might need extra help to recover. This is where transition care may be able to help.
END OF LIFE CARE AT HOME		
If you are caring for someone who is nearing the end of their life, there is help and support available. For instance, there are many different types of aged care services to give you the extra support at home that you may need during this difficult time. It could be nursing care, help around the house or counselling.		
Your local Home Care coordinator is available to discuss your home care needs. Information will be provided to you on how to access private services as well as subsidised (government funded) services that are subject to assessment. For more information, please phone 1800 772 011.

# A range of entry options.

<b>Churches of Christ offers a range of flexible pricing options:</b>			
<b>Option A – 100% of the Original Standard Ingoing Contribution</b>			
<b>Option B – 95% of the Original Standard Ingoing Contribution</b>			
<b>Option C – 90% of the Original Standard Ingoing Contribution</b>			
Each prospective resident can choose from our range of flexible options to suit their individual circumstances. For all options, we will arrange full reinstatement and sale of your unit so you receive your exit entitlement (the amount to be repaid to you) less applicable costs, in the quickest time possible. Your exit entitlement will be paid to you within 14 days of the sale of the unit, or 12 months after you vacate. <b>Options B and C do not attract any interest.</b>			
<b>Option A</b>	<b>100% of the Original Standard Ingoing Contribution</b>	<b>Option B</b>	<b>Option C</b>
	Pay the standard 100% ingoing contribution amount for the unit (the "sale price").	<b>95% of the Original Standard Ingoing Contribution</b>	<b>90% of the Original Standard Ingoing Contribution</b>
	If you choose this option, an exit fee of up to 35% is payable if you leave the village. Starting at 10%, the percentage increases by 5% with each year of occupancy up to six years, and then remains capped at 35% thereafter.	If you choose to pay a slightly lower ingoing contribution amount, this option may be preferable.	This option gives you more cash and a lower ingoing contribution at the commencement of your residency.
		If you choose this option, an exit fee of up to 40% on the Original Standard Ingoing Contribution is payable if you leave the village. Starting at 15%, the percentage increases by 5% with each year of occupancy up to six years, and then remains capped at 40% thereafter.	You are able to retain 10% of the standard ingoing contribution amount and offset the equivalent amount by paying a higher exit fee when you leave.
			For example, if the standard ingoing contribution is \$200,000 then you would pay \$180,000 as your ingoing contribution.
			If you choose this option, an exit fee of up to 45% on the Original Standard Ingoing Contribution is payable if you leave the village. Starting at 20% the percentage increases by 5% with each year of occupancy up to six years, and then remains capped at 45% thereafter.

You'll be purchasing your new home on a Licence to Occupy. The decision to move to any of our retirement villages means you don't have to worry about all of the chores or maintenance associated with owning your own home. A contribution to the maintenance reserve fund is included in your fortnightly fees, while replacement of the village's capital items is the responsibility of Churches of Christ.

# Your lifestyle decision. Our ongoing promise.

You need time, information and support to make the best decision about your future. Here you'll find an overview of our Code of Conduct and important issues to consider before you make a move.

## Code of Conduct

The Retirement Living Code of Conduct (Code) is a voluntary industry code and is an initiative of the peak bodies representing Retirement Communities across Australia – the Retirement Living Council (Property Council) and Leading Aged Services Australia. Churches of Christ is a signatory to the Code, and fully supports the vision and objectives.

The vision is to promote and protect the independence, privacy, dignity, happiness, safety and security of seniors through the provision of specialised, quality, fit-for-purpose housing, with tailored support services, within a community environment.

## The objectives of the Code are to:

- Promote and protect the interests of current and future residents
- Help implement regulation in a way that creates high and consistent standards regarding the marketing, sales and operation of Retirement Communities that are above and beyond statutory obligations
- Promote trust and confidence in the sector
- Provide a framework to assist open, transparent and efficient resolution of complaints by residents against signatories to the Code
- Provide industry leadership to promote effective self-regulation that complements and builds on existing regulatory arrangements

# Things to consider...

## Before you move into a retirement community...

Moving into a retirement village is an exciting time but you need to do some research to ensure you make the right choice for your circumstances. There will be decisions you need to make that you may not have considered yet.

## To help you get started, here's an overview.

For a more comprehensive resource, please visit the Queensland Government website by searching "Queensland government steps to buying in a retirement village."

## The decision to stay at home or relocate.

Most family homes aren't built with aging in mind, so if you choose to stay at home, you'll need to consider what modifications need to be done to the house. Bringing in home care services is also a possibility to support your changing needs. You'll also need to think about the condition of the property and the costs, time and effort you'll need to maintain it.

On the other hand, you may wish to consider selling your home, buying into a retirement village and keeping some cash from the sale to live a more comfortable life. This way you don't have to worry about the costs of maintaining or modifying your current home.

## About legal contracts.

Retirement village contracts are complex, so getting independent legal advice is always a good idea. Please check that your legal advisor has experience specifically in retirement village contracts.

The contract will include a resident's rights and responsibilities section. Please ensure you understand these details before you sign, and make sure you have:

- A copy of the residence contract
- A copy of the Village Comparison Document and Prospective Cost Document
- A copy of the village rules if applicable
- Independent professional legal advice

## Funding your retirement lifestyle.

It's important to get financial advice from a financial planner or adviser on your retirement options. If you don't have one, please visit the following websites for these free resources:

- **ASIC's MoneySmart:**  
ASIC's consumer website, [www.moneysmart.gov.au](http://www.moneysmart.gov.au) can help you work out how much money you'll need for the life you want. The budget planner can help you assess present and future spending, while the retirement planner estimates the income you are likely to get from your Super and the Age Pension
- **Department of Human Services (DHS):**  
A DHS Financial Information Service officer can estimate how much Age Pension you'll receive and discuss your options. Visit [www.humanservices.gov.au](http://www.humanservices.gov.au) or phone the Centrelink Older Australians line on **132 300**

# Why residents choose retirement living...

**Our current residents agree on the safety, ease and security of being a part of a retirement community. When they make the decision to move from the family home, their reasons are often very similar.**

Most people want:

- To remain independent as they age
- Freedom from house responsibilities and maintenance
- Community facilities and activities
- New friends, and the ability to socialise with people in the same life stage
- Availability of home support and care services if needed

**"We wanted the right-sized house that was appropriate for our needs."**

Too much space to manage means continual upkeep, cost and maintenance requirements for a family home. In a retirement village, you have more time and freedom to relax and enjoy your beautiful home.

**"My current home was becoming too difficult to manage."**

Cleaning, maintenance, upkeep, the associated stress and expense of finding tradespeople and other professionals to help can become overwhelming. While many happy years in a family home can create beautiful memories, often our residents want a fresh start and an easier future.

**"My husband's health changed, and I was worried about my own health."**

Being in a retirement village gives you immediate options about a higher level of care. Whether you choose in-home care or need a transition for yourself or your partner to aged care in the future, our village staff can make this easier.

**"We wanted to move closer to family and live somewhere they could also enjoy."**

It can be an exciting, fresh start to downsize into a new home and benefit from all the amenities, activities and new friends. Often our residents choose a village because it brings them closer to families – and offers a lovely place to socialise with beautiful facilities.

**"My home was hard to get around in, with too many stairs and a steep driveway. I was on my own and I worried about security and break-ins."**

One thing you'll never have to worry about in your new home is security. In a village, you'll never be on your own. You'll have all the support you need with the village staff, medical call buttons and more.

*"We love attending so many of the community groups here at Bribie. Our gorgeous Clubhouse is perfect for all of the craft groups, morning teas and Friday afternoon drinks. We wouldn't want to be anywhere else!"*
