#### **Village Comparison Document**

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

Sanctuary Park Retirement Community

#### Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The Retirement Villages Act 1999 requires a retirement village scheme operator to:
- provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
- include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
- publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at <a href="http://cofc.com.au/sanctuary-park">http://cofc.com.au/sanctuary-park</a>
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

#### **Notice for prospective residents**

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving
  into a retirement village is very different to moving into a new house. It involves buying into
  a village with communal facilities where usually some of the costs of this lifestyle are
  deferred until you leave the village. These deferred costs when you leave your unit may be
  significant.
- Seek further information and advice to help with making a decision that is right for you.
   Some useful contacts are listed at the end of this document, including:

- Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.
- The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

#### More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs
  Document, the village by-laws, your residence contract and all attachments to your residence
  contract for at least 21 days before you and the operator enter into the residence contract.
  This is to give you time to read these documents carefully and seek professional advice
  about your legal and financial interests. You have the right to waive the 21-day period if you
  get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 20 June 2025 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

#### **COSTS AND FINANCIAL MANAGEMENT**

Part 9 - Ingoing contribution - entry costs to live in the village

An ingoing contribution is the amount a prospective resident must pay under a residence contract to secure a right to reside in the retirement village. The ingoing contribution is also referred to as

the sale price or purchase price. It does not include ongoing charges such as rent or other recurring fees.

9.1 What is the estimated ingoing contribution (sale price) range for all types of units in the village

Accommodation Unit	Range of ingoing contribution
Independent living units	
Studio	\$ to \$
One bedroom	\$ to \$
Two bedrooms	\$430,000.00 to \$450,000.00
Two bedrooms + study	\$470,000.00 to \$500,000.00
Three bedrooms	\$510,000.00 to \$530,000.00
Serviced units	
Studio	\$ to \$
One bedroom	\$ to \$
Two bedrooms	\$ to \$
Three bedrooms	\$ to \$ \$ to \$
Other	\$ to \$
Full range of ingoing contributions for all unit types	\$430,000.00 to \$530,000.00

Note: the amounts referred to in this Item 9.1 represent "Original Standard Ingoing Contributions", ie assuming that an "Option A" resident contract is selected (see Item 9.2 for details).

9.2 Are there different financial options available for paying the ingoing contribution and exit fee or other fees and charges under a residence contract? If yes: specify or set out in a table how the contract options work e.g. pay a higher ingoing contribution and

less or no exit fee.

X	Yes		No
---	-----	--	----

Residents may select from three contract options. In selecting their preferred contract option, residents may elect to pay a lower ingoing contribution upon entry to the village, in return for paying a higher exit fee upon departure from the village. These contract options may be summarised as follows:

Contract Option	Percentage of Original Standard Ingoing Contribution payable	Relevant Exit Fee Table – refer item 11.1	Maximum Exit Fee Percentage (based on your Original Standard Ingoing Contribution)
Option A	100%	Table A	35%
Option B	95%	Table B	40%
Option C	90%	Table C	45%

In this document, "Original Standard Ingoing Contribution" means the ingoing contribution that would be payable by you if you entered into an "Option A" residence contract, at the time you are granted the licence to occupy the unit under your residence contract.

The village operator reserves the right at any time to vary the contract options it offers other residents of the village (including any subsequent resident of your unit). Without limitation, the village operator's right in this regard includes the right: to introduce or discontinue one or more contract options; (a) (b) to change the units or number of units in respect of which the village operator offers one or more contract options; not to offer one or more contract options in respect of one or (c) more units; or to vary the details of one or more of the contract options. ☐ Transfer or stamp duty 9.3 What other entry ☐ Costs related to your residence contract costs do residents need to pay? ☐ Costs related to any other contract ☐ Advance payment of General Services Charge 

#### Part 10 – Ongoing Costs - costs while living in the retirement village

**General Services Charge:** Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

**Maintenance Reserve Fund contribution:** Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

Note: The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly.

#### Part 11 - Exit fees - when you leave the village

A resident may have to pay an exit fee to the operator when they leave their unit or when the right to reside in their unit is sold. This is also referred to as a 'deferred management fee' (DMF).

## 11.1 Do residents pay an exit fee when they permanently leave their unit?

☐ Yes – all residents pay an exit fee calculated using the same formula ☐ Yes – all new residents pay an exit fee but the way this is worked out may vary depending on each resident's residence contract

☐ No exit fee

□ Other

If yes: list all exit fee options that may apply to new contracts

Exit fees are calculated as a percentage (set out in the applicable exit fee table below) of your Original Standard Ingoing Contribution, according to the period from (and including) the commencement date of your residence contract (to and including) your Exit Date.

The applicable exit fee table depends on the contract option selected by you before you entered into your residence contract (see Item 9.2).

In this document, "Exit Date" means the later of:

- (a) the date your residence contract expires or is terminated; and
- (b) the date that you vacate the unit,

or any other date that the Retirement Villages Act 1999 (Qld) specifies as the date as at which the exit fee for a residence contract is to be, or may be, calculated.

For simplicity, the Exit Fee information below and any Prospective Costs Document given to you assume that the date of occupation of your unit and the commencement date of your residence contract are the same date, and that you cease to reside in the unit on the Exit Date. However, this is subject to the terms of your residence contract and the Retirement Villages Act 1999 (Qld).

All residents must also pay a termination fee of \$1,000, which will be deducted from their exit entitlement (see Item 14.1).

The minimum exit fee is 1 day/365 days (1 day/366 days in a leap year) of 10% of your Original Standard Ingoing Contribution, plus a termination fee of \$1,000.00, if the period of occupation is 1 day.

**Note:** if the period of occupation is not a whole number of years, the exit fee will be worked out on a daily basis.

The maximum (or capped) exit fee will be 45% of your Original Standard Ingoing Contribution after 6 years of residence, plus a termination fee of \$1,000.00.

The minimum exit fee is 1 day/365 days (1 day/366 days in a leap year) of 20% of your Original Standard Ingoing Contribution, plus a termination fee of \$1,000.00, if the period of occupation is 1 day.

## 11.2 What other exit costs do residents need to pay or contribute to?

If the former resident and scheme operator cannot agree on the resale value within 30 days, the scheme operator must obtain a valuation from a registered valuer within a further 14 days. The valuation is taken to be the agreed resale value of the right to reside for the accommodation unit. You and the scheme operator must share the cost of the valuer in the same proportion as the gross ingoing contribution on the sale of the right to reside, is shared under your residence contract. After the valuation is provided the scheme operator will give you an exit statement showing the estimated final amount of money you will receive when the right to reside is resold and all the costs you will have to pay. The resident's portion of any sale costs and/or valuation costs is calculated as follows:

Where:

A = the resident's ingoing contribution

B = the exit fee

D - the exit ice

C = the termination fee

D = the ingoing contribution payable by the next resident of the unit

☐ Legal costs

☑ Other costs - \$1,000.00 termination fee

#### Part 12 - Reinstatement and renovation of the unit

# 12.1 Is the resident responsible for reinstatement of the unit when they leave the unit?

✓ Yes □ No.

The resident is only responsible for reinstatement work to the extent it is required because the resident has caused damage or accelerated wear to the unit.

Reinstatement work means replacements or repairs that are reasonably necessary to return the unit to the same condition it was in when the resident started occupation, apart from:

- fair wear and tear; and
- renovations and other changes to the condition of the unit carried out with agreement of the resident and operator.

Fair wear and tear includes a reasonable amount of wear and tear associated with the use of items commonly used in a retirement village.

However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear.

Entry and exit inspections and reports are undertaken by the operator and resident to assess the condition of the unit.

# 12.2 Is the resident responsible for renovation of the unit when they leave the unit?

⊠ No

Renovation means replacements or repairs other than reinstatement work.

By law, the operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract.

#### Part 13- Capital gain or losses

13.1 When the resident's interest or right to reside in the unit is sold, does the resident share in the capital *gain* or capital *loss* on the resale of their unit?

⊠ No

#### Part 14 - Exit entitlement or buyback of freehold units

An exit entitlement is the amount the operator may be required to pay the former resident under a residence contract after the right to reside is terminated and the former resident has left the unit.

## 14.1 How is the exit entitlement which the operator will pay the resident worked out?

Your ingoing contribution

Less exit fee.

Less termination fee.

Less any general services charges or maintenance reserve fund contributions owing.

Less any costs of, or associated with, reinstatement work for which you are liable.

Less any amounts you owe to the village operator under any other agreements the village operator has with you about the provision of services or goods to you in the village.

Less the costs and expenses the village operator incurs with respect to the termination of your residence contract including, without limitation, your share of the village operator's costs of finding a new resident for your unit and your share of any valuation costs.

Less any other amounts you must pay to the village operator under your residence contract, including any personal services charges owing.

### 14.2 When is the exit entitlement payable?

By law, the operator must pay the exit entitlement to a former resident on or before the **earliest** of the following days:

- the day stated in the residence contract
  - which may range from 28 days (where the resident transfers to a Churches of Christ in Queensland Aged Care Facility and other criteria are satisfied) to 12 months after the termination of the residence contract.
- 14 days after the settlement of the sale of the right to reside in the unit to the next resident or the operator
- 18 months after the termination date of the resident's right to reside under the residence contract, even if the unit has not been resold, unless the operator has been granted an extension for payment by the Queensland Civil and Administrative Tribunal (QCAT).

In addition, an operator is entitled to see probate or letters of administration before paying the exit entitlement of a former resident who has died.

## 14.3 What is the turnover of units for sale in the village?

0 accommodation units were vacant as at the end of the last financial year

6 accommodation units were resold during the last financial year

2.3 months was the average length of time to sell a unit over the last three financial years.
